TOWN TO CLEAN HOUSE ON MAY 1

Gettysburg will Celebrate May Day by Cleaning House. Entire Town to be Cleaned up by Residents with Council Helping.

Gettysburg will have a municipal house cleaning day on May first in compliance with action taken at Tuesday evening's meeting of the town council following a request of a number of ladies of the town, presented through Mr. Butt.

The idea is one which has been successfully carried out in a large number of cities and towns and has always met with general approval and resulted in ridding the places of a great accumulation of rubbish. The plan is to have every citizen clean up in front of their homes, their back yards, their gardens and all about their premises. Council authorized the Highway Committee to see that sufficient teams be provided on "house cleaning day" to remove all the matter so collected, and the wholesale clean-up should get rid of a great accumulation of undesirable material about the town.

Full publicity to all the details of the house cleaning day will be given between now and May first by the parties who conceived the plan and all citizens will be told just what material to place outside for hauling away, where to place it and all other details. Gettysburg may be made a "spotless town" if all co-operate to make the event a success.

And while Councilmen were talking about cleaning things Burgess Holtzworth called their attention to conditions about various hitching posts in the borough. Secretary Kitzmiller was instructed to send written notices to those, in front of whose places of business posts are located, that the streets about the posts would have to be cleaned at least twice a week and that failure to comply with this action would result in Council's order to remove the posts. The action of Council includes all business people on the Square and for two blocks on each of the four streets leading from the Square.

Dr. J. A. Singmaster presented a formal petition asking that about twenty acres of Seminary property west of Confederate avenue be annexed to the borough. Borough Attorney Wible was requested to frame an ordinance covering the matter.

It was decided to take over the A. J. Smith sewer on York street—the acquisition of the sewer to be without cost to the borough who would agree to maintain it in the future.

Borough Attorney Wible was instructed to proceed according to law to collect all curbing bills not yet paid.

Burgess Holtzworth reported collections of \$38.00 while the borough treasurer reported a balance in the General Fund of \$104.55 and in the special fund of \$393.86.

Council adjourned to March 18 when the street paving ordinance will come up for final passage.

PICKING INGROWN NAIL FATAL

Blood poisoning caused by the picking of an ingrown toe nail, resulted in the death Tuesday evening at 5.30 o'clock, in the York hospital, of Harry Meckley, twenty nine years old, tenant on the Forney farm, near Hanover.

The blood poisoning developed in the farmer's right leg about three weeks ago. His condition gradually became worse, and Tuesday morning at 8.30 o'clock he was taken to the York hospital.

Mr. Meckley was accompanied to the hospital by his wife and physician Dr. Wesley C. Stiek, who remained with him until death.

LINCOLN WAY GETS HEARING

House Committee on the Library Hears a Large Number of Speeches Favoring Memorial Highway from Washington to Gettysburg.

The bill introduced by Representative Borland of Missouri proposing that the two million dollar appropriation for a memorial to Abraham Lincoln be utilized in the building of a great highway from the National Capital to Gettysburg was the subject of a hearing on Tuesday before the House committee on library, of which Representative Slayden of Texas is chairman.

General Black, president of the civil service commission; General Andrews, commander of the Grand Army of the Republic; Representative Borland, the author of the measure, and George C. Diehl, chairman of the highway committee of the American Automobile Association, spoke in favor of the Borland bill to remove the legislative restriction at present in force, which prohibits the erection of a Lincoln memorial outside of the District. This was done, it was said, so that the road project could be considered.

General Black told the committee that it was the dream of the Grand Army of the Republic to see the highway from Washington to Gettysburg. He declared it would be only a question of time when the highway, if built, would be extended to Richmond.

George C. Diehl, of the American Automobile Association ridiculed the statements which he said had been made by opponents of the highway project to the effect that the seventy two miles of road between Washington and Gettysburg would cost \$34,000,000 to build and \$3,000,000 a year to maintain. He said:

"I have carefully gone into the subject of the cost of construction, and I estimate the cost of a 40 foot road with a 24 foot strip of macadam, treated with a bituminous binder, at \$20,000 a mile. This would make the cost of the 72 mile stretch about \$1,500,000 and the cost of maintenance would be \$750 a mile, including the renewal of the surface of the road every 10 years."

Congressman Lafey declared that his people favored the highway.

"The Government has spent about \$11,000,000 to beautify Gettysburg and we have no quick way to get there from the national capital. All tourists to our country have two places on their program, Washington and Gettysburg, and it requires two days to make the round trip between the two points. I believe that the people along the way would give a right of way to the Government."

Former Representative James P. McCleary of Minnesota, who for ten years was chairman of the House library committee, before which Tuesday's hearing was held and who for six years was chairman of the District subcommittee of the House committee on appropriations, and consequently had charge of the origination in the House of all local appropriations, made a brief but stirring speech in favor of the road project.

"The question before us today is extremely simple," Mr. McCleary said, "as it amounts only to this: Shall you preclude the consideration of this highway project. No one has authority to put up a Lincoln memorial except in the District of Columbia. This highway proposition should have a show for its white alley. By reporting this bill you do not decide this question, you merely give the highway project a chance for consideration, a chance to assert itself. And you give Congress a chance to pass on the relative merits of the contending propositions."

Director Page of the good roads bureau of the Agricultural Department, and other highway engineers were heard in favor of the Borland bill and many others spoke for the Lincoln Way plan.

GEISER SHOPS SET AFIRE

The people of Waynesboro were startled early Tuesday morning when the fire alarm sounded and it was learned there was a fire at the Geiser Manufacturing Company's shops. Everybody jumped to the hasty conclusion that friends of the strikers had caused the blaze. A pile of oak lumber in the yard was ablaze and was surely set afire by somebody but as working men's houses and homes are around and about the yard it is not probable or even conceivable that the workmen would be responsible for such a fire. Two bottles of turpentine were found near the scene of the blaze. The Geiser Company fire department tackled the fire first and had it nearly out when the town companies arrived. The loss was about \$200.

U. S. GUNBOATS FOR TIENTSIN

Foreign Troops Being Rushed to Riot Scene.

BEHEAD FORTY CHRISTIANS

Dr. Sun Yat Sen Will Move the Capital to Peking in an Effort to Restore Order.

Peking, China, March 6.—Two United States gunboats have been ordered to proceed from the mouth of the Pei-Ho, thirty miles to the southeast of Tientsin.

Three battalions of Japanese troops are expected to arrive at Tientsin to reinforce the international garrison.

A letter from a missionary at Hwanghsien, near Chi-Fu, states that the imperial troops put out the eyes of forty Christian converts and then beheaded them, saying that they were naturally rebels.

In an effort to restore order and inaugurate a stable government as soon as possible, it is understood that Dr. Sun Yat Sen and his advisers have decided to come to Peking from Nankin and make Peking—for the present at least—the capital of the new republic.

This step is regarded as advisable on account of the mutinous spirit evinced by the troops.

The plans, which are now being prepared, provide for the early removal of the entire official machinery of the republic. Dr. Sun Yat Sen, the acting president, will be accompanied by all the members of the cabinet and by the assembly. The officials will be guarded by 2000 foreign troops and a picked bodyguard of ninety men.

Responsible Chinese assert that terrible scenes are being enacted daily in Canton and its vicinity. These persons declare that if the state of affairs were known abroad the foreign powers would interfere and put a stop to the slaughter and looting.

Shameen, where the foreign settlement of Canton is situated, is protected by a barricade of sandbags, which have been painted so as to resemble British soldiers.

Heads still hang warningly on tripods here and there in the streets of Peking, although some of the bodies have been removed and buried.

The soldiers of the various divisions of the Chinese army continue to squabble, and it is thought there is danger of one division attacking another.

Some of the officers are haranguing and endeavoring to pacify the men, but it is reported that many of the officers were among the looters.

Serious unrest continues in the provinces of Kwangtung and Kwangsi, where large numbers of discharged soldiers have taken to murdering and looting. The hills along the shores of the West river have been fortified as a protection against the marauding bands. Assassinations are of frequent occurrence and corpses are seen daily floating down the river.

1000 Killed in Battle.

Wei-Hai-Wei, China, March 6.—It is estimated that 1000 persons were killed in the course of the recent fighting between the republicans and the villagers outside the British concession here. The republican troops are now in complete control of the situation.

PREACHER KILLS HIMSELF

Illness Believed to Have Been Cause of Suicide in Baltimore.

Baltimore, Md., March 6.—Rev. W. R. Rhoads, forty-one years old, of Onan, Va., committed suicide here by shooting himself through the head.

The preacher sat on his bed in a hotel and with a mirror in front of him fired. He leaves a wife and two children in Onancock. Illness is believed to have actuated him.

In an unfinished letter he wrote that he had been ill and was suffering from melancholia. He was a direct descendant of Zachariah Rhodes, who with Roger Williams, established the First Baptist Church in America.

Save Wrecked Ship's Crew.

Norfolk, Va., March 6.—The four-masted schooner Helen Thomas, Captain Lermond, of Boston, from Port Tampa, Fla., to Baltimore, with a cargo of phosphate rock, struck on the Cape Charles shoals while entering the Virginia Capes during thick weather and will probably be a total loss. Her crew of eleven, including Florence Mills, the stewardess, took to the lifeboats and were picked up by a tug after suffering from exposure.

Five Burn to Death.

Beaver, Pa., March 6.—Five persons were burned to death when a boarding house at Koppel, Pa., near here, was destroyed by fire. The dead included the landlady, his wife and their three children. Two other children were saved by boarders, who threw them from the second story into the arms of persons in the street. All the dead are foreigners.

Girl Finds Hidden Silver.

Media, Pa., March 6.—Eighty-two pieces of solid silverware were discovered hidden beneath a fence along Crum creek, in Upper Providence township, by Katie Marshall, the young daughter of Patrick Marshall. The police are making efforts to find the burglar, who they believe to have been a novice.

Stott Hanged at Harrisburg.

Harrisburg, Pa., March 6.—Joseph A. Stott, aged twenty-nine years, was hanged in the Dauphin county prison yard for the murder of Blanche Taylor in this city last June. Stott shot the young woman on the street. He said in a confession that he came from Lancaster to kill her, when she refused to be his wife.

Sugar Bill in the House.

Washington, March 6.—The sugar tariff revision bill was reported favorably to the house by Chairman Underwood, of the ways and means committee. The excise bill providing for an income tax to make up the loss of revenue will not be reported until later.

DAUGHTER DIES; TO SUE TOWN

Parent of Typhoid Victim to Ask \$50,000 Damages.

Gloucester City, N. J., March 6. — Dr. John A. Beck, who is city physician and president of the board of education here, announced that he intends to bring suit against the city for \$50,000 for the death of his twelve-year-old daughter, Caroline, whose death, the doctor said, resulted from the condition of the city water at the time.

Dr. Beck contends that the girl was stricken with typhoid fever contracted from the water which is taken from Newtown creek. Although Dr. Beck claims the city is responsible, there are many of the city officials who differ with him, not only as to the responsibility of the city, but as to the pollution of the stream, which they say has been used for the past quarter of a century, more or less, as the source for the city water supply.

COAL OPERATORS REJECT DEMANDS

Committee is Named to Frame a Reply.

EXPECT MINERS TO STRIKE

Action of Mine Owners Was Unanimous in Turning Down All Concessions.

New York, March 6.—A flat rejection of their demands will be the answer the representatives of the miners will get from the anthracite coal operators at their conference to be held in this city on March 13. This action was decided upon at a conference of the operators here, which lasted just one hour.

While the action taken does not necessarily preclude further negotiations should the miners subsequently decide upon a modification of their demands, it nevertheless seems to heighten the prospect of a strike.

The conference of the operators was the first to be held since the formal presentation of the miners' demands last week. There were present forty-four men representing the independent companies as well as the large coal companies.

The operators assembled at 143 Liberty street and it was very clear that a unanimity of sentiment prevailed and that the discussion did not last long. J. L. Cake, of the Clear Spring Coal company, a leading independent, presided. It was decided to appoint a sub-committee to meet with the miners on March 13, this committee to draw up the formal reply of the operators rejecting the miners' demands.

The formal rejection of the demands which the committee is instructed to prepare will be drawn up at a meeting the committee will hold next Monday. It will take up each demand and give the operators' reasons for refusing it.

The action of the coal operators in thus rejecting the miners' demands at the start is a departure from their attitude of three years ago when they entered into negotiations with President Mitchell and committee with a counter proposal.

The most important demands of the miners are the 20 per cent wage increase, an eight-hour day and the collection of dues by the operators.

President White is in Indianapolis. The belief was pretty general, however, that the miners would seek to bring about further conferences.

Not one of the operators who was seen would discuss the question of coal on hand.

One operator said that he thought it very likely that there would be a suspension of work on March 31, when the present agreement expires. The agreement ends at noon on that day.

One of the best posted men on the coal conditions in the city said that he expects a strike of the anthracite miners on April 1. As in the strike of 1902 bituminous coal would be used for steam purposes if the small steam sizes of anthracite cannot be obtained.

The bodies were not recovered.

Channell, who were found guilty of the murder of Mrs. Edmund Kaufman in a taxicab on the night of Dec. 2 last, was the verdict of the jury. Fred Boneham, the fourth man charged with the crime, pleaded guilty before the trial and will be sentenced later.

HINT AT NATION-WIDE STRIKE

Operators Told Unless Demands Are Granted General Walkout Will Follow.

Chicago, March 6.—That a miners strike in America is imminent was flatly stated when representatives of the United Mine Workers told representatives of the coal mine operators at the Great Northern hotel here that unless the demands of the miners were granted they would go on strike on April 1.

Further, they asserted, the strike would become nationwide. France and Germany, it was said, would follow the lead of the United States and Great Britain, and the miners of the world would stand idle.

It was stated at the meeting that the English people have ordered 1,000,000 tons of coal and miners of America are none too anxious to mine it. The meeting at the hotel was secret and was attended by operatives from Pennsylvania, Indiana, Ohio and Illinois, and representatives of the mine workers for the districts involved.

Final action it was stated was postponed to March 20. On that date a meeting will be held in Cleveland, O. The operators will then offer contracts to the miners to replace the ones which expire April 1. The miners assert that unless the new contracts contain every concession demanded they will not be signed.

STIMSON OUT FOR MR. TAFT

War Secretary Speaks For President in Chicago.

CALLS ROOSEVELT MENACE

Believes Taft's Administration Represents the Highest Expression of Progressive Republicanism.

Chicago, March 6.—Henry L. Stimson, of New York, secretary of war, and the Roosevelt candidate for governor of New York in 1910, declared himself for President Taft, and said that while he remained the sincere friend of Mr. Roosevelt, he could not support him for the presidential nomination.

Mr. Stimson entered President Taft's cabinet last year, after consultation with Mr. Roosevelt, and with the distinct understanding with the president that he would be bound in no way to take part in the political administration.

In a speech before the Taft club, of Illinois, he declared his belief that President Taft's administration represented the highest expression of progressive Republican policy. He said:

"I am here to speak for the renomination of President Taft. I am now and always have been a Progressive.

"I am for Mr. Taft because I believe he has faithfully carried out the Progressive faith of the Republican party; that his administration stands for orderly, permanent progress in our national government; and that to refuse him the nomination on the assertions that have been made against him would be a blow to the progress and would put a premium upon hasty and unfounded criticism.

"I entered into public life under the inspiration of Theodore Roosevelt. I am a firm believer in the great national policies for which he fought, and I now remain his sincere friend. But I believe that those who are forcing him, contrary to his original intention, into the arena against Mr. Taft, are jeopardizing instead of helping the real cause of progress in the nation.

"The introduction of such a contest at this time, dragging in, as it necessarily will, new and personal issues, which are quite foreign to the great progressive policies for which the Republican party stands, cannot fail to weaken whichever candidate is eventually nominated in June. If, as a result, that candidate is defeated in November, the government may be thrown into the hands of a truly reactionary party for years to come."

Mr. Stimson said that President Taft had devoted himself unceasingly to the carrying out of constructive work along progressive lines. The administration was begun, he said, upon a plan that had "the thorough approval and deliberate endorsement of Mr. Roosevelt," and that to plan President Taft had adhered rigidly.

"Is it fair now to criticize him," asked Mr. Stimson, "because in faithfully carrying out this pledge of four years ago, in performing this vitally useful, though inconspicuous work, he has not dominated the public attention with dramatic display?"

President Taft pledged himself, said Mr. Stimson, to a "progressive development" of the work that President Roosevelt had inaugurated and the "completion and perfection of the machinery by which the moral standard set by President Roosevelt may be maintained."

Certain reform methods of government advocated by many of the Progressives, and in part by Mr. Roosevelt, were severely criticised by Mr. Stimson. He denounced the recall of judges as destined to bring the courts "down into the welter of politics," and said that it was no test of a Republican's progressiveness to require its support to certain states that had been successful in certain states.

Mr. Stimson said that the referendum had apparently worked well in Oregon, but that in a fifty years' trial in New York, as applied to constitutional questions, it had been a failure.

OKLAHOMA FOR ROOSEVELT

Returns Show the Colonel Will Control the State Convention.

Oklahoma City, Okla., March 6.—Mr. Perry, chairman of the Roosevelt campaign committee, is claiming 330 delegate for Roosevelt in the state Republican convention and concedes only 78 to Taft. Sixty of the delegates are doubtful and contested and 85 are yet to be heard from.

The returns are authentic enough to show that the Roosevelt men will be in absolute control of the state convention at Guthrie, March 14.

Texas Committee For T. R.

Port Worth, Tex., March 6.—By a vote of 27 to 1 the candidacy of Colonel Roosevelt was endorsed by the Texas state Republican executive committee.

Supporters of Taft decided to carry their fight before the voters by some method yet to be worked out.

Taft Prepares Speeches.

Washington, March 6.—President Taft called off the regular meeting of the cabinet, canceled his calling list and spent the time in his study in the White House proper, devoting most of his attention to correspondence and preparing drafts of some of the speeches he will deliver on his trip to Toledo and Chicago the last of the week.

SAYS DARROW GAVE HIM BRIBE MONEY

Accused Lawyer Gets Copy of the Testimony.

Los Angeles, Cal., March 6.—Clarence S. Darrow, indicted on a charge of jury bribing, has in his possession a copy of the testimony given against him in the grand jury chamber by Bert H. Franklin, a former McNamara detective.

Franklin was fined \$4000 after he had pleaded guilty to a charge of having attempted to influence Robert F. Bain, the first juror sworn in the trial of James B. McNamara.

The copy of the testimony was furnished by W. Joseph Ford, assistant district attorney, who declared the former detective's evidence in the presence of the grand jurors consisted practically of only one question and its answer.

"Was the money you paid to R. F. Bain furnished by Clarence S. Darrow?" was the question, according to Mr. Ford.

"Yes," was Franklin's answer.

CALLS GOVERNOR PINHEAD

Florida Congressman Makes Sensational Attack on Executive of His State. Washington, March 6.—Denouncing Governor Gilchrist, of Florida, as a "pinhead," Representative Clark, of Florida, declared in the house that Florida "land sharks" are robbing thousands of investors.

"I am opposed to the exploitation of these Everglades lands by conscienceless land sharks to the disgrace of my state," said Clark in rebutting a published attack by Governor Gilchrist, charging that Clark was aiding western railroads in bringing discredit upon the Everglades.

"The 'sharks' have bled and robbed women and children and depleted the savings of working people all over the country," continued Clark. "I have not attacked the Everglades, but only contended against conscienceless misrepresentation and deliberate falsehoods about the land."

"This little pinhead governor thought it would hurt me politically," continued Clark amid loud cheers from the house, "to charge that I was interested with railroads in injuring my state. I brand that as a base, vile, uncalled-for and deliberate falsehood."
